

Tailoring Your Peligoni Holiday

What To Book When

THE PELIGONI CLUB

1 Accommodation & Memberships

Planning a Peligoni holiday begins by securing your accommodation, from one of our Peligoni approved options listed on our website. This must be booked alongside weekly club memberships for all your party to allow access and use of our facilities, areas and activities.

2 Things To Book Early

There are many activities and add-ons you can obtain to personalise your holiday, some of which we highly recommend booking as soon as you have secured your accommodation and club memberships. Booking car hire early ensures the best prices whilst everything else listed below is subject to limited availability, so the sooner they are reserved the less chance you will be disappointed later on.
